To Meet on Hwy. Drainage

Reeve Calls Meeting On Feb. 3rd

The Reeve of our Township has called a meeting for February 3 to discuss the covered drain along 18 Highway with the concerned residents — at 3 pm in the basement of Sacred Heart Church. All residents with property which fronts on the Highway or otherwise concerned with the proposed drain are requested to attend.

The proposed drain will run from Turkey Creek to Petrimoult Corners and will cost an estimated \$330,000. The Township must pay only 22% of this amount — \$75,000.

Under the Municipal Drainage Act the owners of land under cultivation will receive a grant of 33 and one third % of the assessment against the land for proposed drain.

Water Main Costly

A survey of the Brighton Beach area has shown water mains to service the residents would cost a total of \$24,000 or approximately \$4 per foot. There are 29 homes in the area which would amount to about \$750 per home. The report sent to Council states there is only sufficient room for 27 more homes and only regrouping the vacant lots would allow this many.

The study was made by the Township engineer Mr. R. White when the residents of the area requested water service — Board of Health having reported many of the wells being used by the residents contaminated.

The Township will forward this information to the residents and ask a petition be drawn up and presented to Council.

Receives Badges

Michael Kelly; son of Mrs. J. Kelly of 73 Matchette Road LaSalle has earned his 14th proficiency badge in Cubs. He is the first boy to earn 14 badges in the 58th Troop. His recent badge is a Pet badge — just newly out. He went up into Scouts Monday the 22nd of February.

Intersection Studied

Study is being made by the County Road Commission of the Howard Avenue and Cabana Road intersection. The Commission will consult with the engineer from the Department of Highways to determine the feasibility of straightening the jog at the intersection.

The survey was mentioned by Reeve Brunet of Sandwich W. when complaints were received from residents in that area concerning the hazards of the corner. Although there is an adequate safety patrol — parents were worried about their children crossing to and from school. They requested a Traffic light be erected.

Council will await results of the survey before any action is taken.

School Bought

The Malden School has been purchased by the Girl Guide Ass. — was announced by Mr. J. Judge of the Sandwich West School Board. The Association will use the building as a local headquarters. They will take possession of the building about February 1st.

The School Board asked the Township to officially close that portion of Chicago Street that lays behind the school. The street has been fenced in as part of the school yard for 12 years. It has been discovered that one lot inside the property still belongs to the Township. The Board will buy this lot in order to obtain clear title to the land.

Dogs Create Problem

After being smothered by complaints from residents concerning dogs running loose the Council of Sandwich West has decided to issue the Humane Society an ultimatum to improve their service — or else. Each member of Council and the Reeve has had calls during the week. Councilman Lorne Fitch felt that people believe it is alright to allow their dog to run loose in the winter.

The Reeve said a number of people from the Township have approached him for the job 'if we are going to make a change we had better do so before our 1962 dog Tax is collected' he said.

The Humane Society is under contract with the Township — to act as Dog Catcher. The agreement calls for a Truck to patrol the Township twice a week; in return for the services dog Tax received by the Township is paid to the Society.

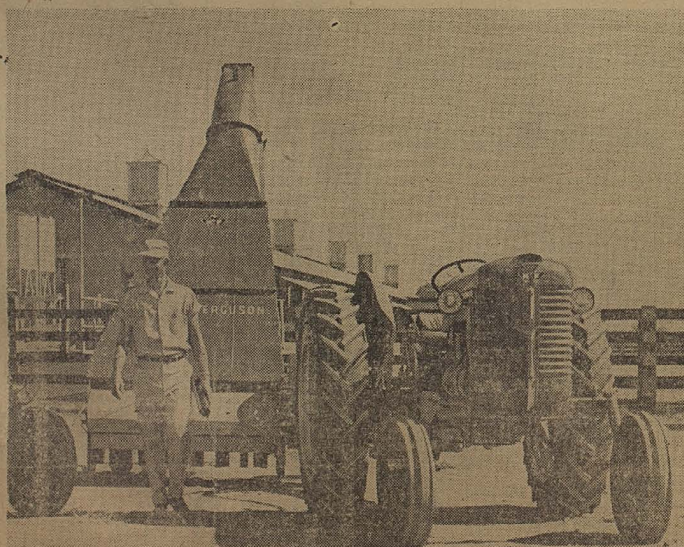

Official Opening

The monthly meeting for January of the PTA of Sacred Heart and Immaculata Schools will be combined with the official opening of the new gym at Immaculata School. The meeting will take place in the Gym on Monday January 29th at 8 p.m.

The Guests of Honor and Speakers will include — the two Inspectors of Sep. Schools: Mr. J. F. Johnston and Mr. R. Demarais; the architect Mr. J. Thompson and members of the school board.

Refreshments will be served at the close of the meeting.

A cordial Invitation is extended to everyone.

IT'S AGRIBUSINESS, the new pattern in Canadian farming. Agribusiness is the movement toward larger units of production, bigger capital investment and fewer workers. The cattle farmer above believes in agribusiness, and relies on his new hay packer and other equipment to cut, cure, package, load—and even feed out the hay to his cattle in winter.

Around the Edges

By R. F. STEELE

For the first time since the annexation question has dominated the local news the taxpayer has heard what it would cost in dollars and cents. Up to now we have been given theories and generalizations by both sides — but no longer.

Reeve Brunet of Sandwich West revealed some startling figures last week at Saint Mahe's Anglican Men's Club; if annexation had come about in 1955 (when the city first made application to the Ontario Municipal Board) the Township of Sandwich West would have lost some \$2,052,000 for the construction of elementary school buildings. Annexation would have cost another \$75,000 to expand the Vincent Massey Collegiate. The suburban Separate School Boards receive a 65% grant payable toward teacher's salaries; but not so in Windsor. Where the Province pays 30c of every dollar Windsor spends on city roads the Township receives 50c.

Mr. Brunet also mentioned the Ontario Municipal Board would charge 50c per lot to Change the Title of properties in suburbs of the City. This could cost as much as \$100,000.

Now — why didn't some one say that in the first place. The loss in grants would mean high taxes all way around and who could afford that?

If annexation should come about perhaps the City could borrow some of the needed monies from the Riverside St. Rose Credit Union. Here they have a unique problem — too much money and not enough borrowers.

The annual meeting of this sound association will take place at Thomas' Inn on Riverside Dr. on February 4th.

An angel must have been riding with two Riverside policemen chasing a speeder last Friday. The Police Car struck a Hydro pole at the Drouillard Road underpass and both men were lucky enough to escape with only minor injuries. It could have been much worse.

The speeder who was chased from St. Louis Avenue in Riverside was later apprehended. This man will — no doubt — face a stiff penalty for his misdeed. And well he should. He en-

dangered the lives of not only self and 2 Policemen but of every person on Wyandotte St.

The policemen however are also guilty of endangering many lives unnecessarily — they should have taken the license no. and picked the man up later. Running through a red light is a serious offense but not that serious.

The whole of the Windsor area has become increasingly aware of the dangers of improper sewers. One would think since the City of Windsor is the largest in these areas municipalities — She would take the lead and improve these unhealthy conditions.

But such is not the case. Windsor has dropped out of a sewerage Program with Riverside and Sandwich East but the 2 smaller communities are forging ahead on their own. The Sandwich West sewer program has come to a standstill due to the inactivity of the Windsor administration.

The Roselawn Library in the Sandwich West Township services and is supported by Sandwich West East and South. Their budget has been submitted to the Councils of these 3 communities.

In 1961 the library operated at a total cost of \$600 of which Sandwich West contributed \$150. The library board informed the Council an additional \$50 grant would enable the institution to remain open one more afternoon a week.

If \$50 will allow the library to remain open for one afternoon a week why not increase the grant until the library is open to the public for at least 5 afternoons and evenings. The facilities are small so they must have time to service so large an area or money to expand. This is no place to pinch the pennies.

The Windsor Branch of the Ontario Historical Vehicle Club has paid \$450 down on a railway Locomotive to be placed in some corner of Windsor as a monument to the Steam Age. The club hopes to raise the balance of the undisclosed price from the public.

The idea has some merit but the money could be put to far

better use. For instance the recreation Centre for Senior citizens is in dire need of funds and the proposed half way house for men just released from prison could certainly use a helping hand. Let's put first Things first!

The ill fated attempt by Windsor to look into the operations if the SWA Bus Company should not go by the board unnoticed. If the City has no authority to investigate — then the province should take up the cause. People with nothing to hide seldom hide behind the badge of authority.

At least we agree with Mayor Patrick on this one:

Riverside's Mayor Stewart has intimated pressure is being exerted to influence the Council's decision on the tenders for the Clairview sewer project. He has stated a member of Council was told since the Mayor is considering running for election on a Conservative ticket it would be beneficial to the Mayor if the Contract is wisely awarded.

The Mayor has an obligation to anyone holding public office and to those who will hold office in the future. Charges should be laid against these people who are attempting to sway Council. They should face the severest penalty the law allows: Preventive medicine Calls for the removal of the cause of the disease before the sickness strikes.

A Construction firm admittedly has the amounts of the bids which were opened in a closed meeting. The Riverside Council should find the leak in its administration and plug it.

FORLORN AND ALONE, this Peruvian girl sits on the rubble of what was once a village. More than 3,000 people in the villages of Ranrahirca and Yanama were killed in a thunderous avalanche of ice, rock and mud.

COME ON IN, the ice is fine! Lt. Jack MacQuarries is one of many Canadian Navy divers who keeps in practice during the winter by cracking through the ice and going for a chilly dip. Diving time is like flying time to an airman — frogmen get it whenever they can.

Col. Bishop Holds Election

The Parents Club of Colonel Bishop School held their first meeting of the New Year on January 23rd and at this time an election of 1962 officers was held.

Treas: Mrs. C. Woods

Plans were made for Volley ball game with Teachers vs Parents at our next meeting — followed by slides shown by Mr. McTaggart. The slides show some of his experiences in the north where he was teaching.

The new Executive consists of:
Pres: Mrs. L Taylor
Vice Pres: Mrs. Berry
Sec: Mrs. Hubert

FRUSTRATED POODLE, this pup thought she was carting off the choice fruit of the land, but discovered the yum-mies were made of wax. Cherie decided to stage a sitdown strike and let her master know she won't lead a dog's life.

TOBOGGANING is healthy winter fun—if it is done in a safe place. The death toll is rising for children killed by cars while tobogganing on hills that run off onto traveled roads.

Physician Seeks Liberal Nomination

In announcing his candidacy for the Liberal Nomination for Essex West Doctor Wachna made the following statement:

I know you are interested in good government therefore I want to extend a personal invitation to you and family (adults) to bring your friends to the Tivoli Theatre on February 7th at 7 p.m. to attend the Liberal Nomination Meeting for Essex West.

As the son of a pioneer family I was raised on responsibility and with an interest in welfare of others. I am a family man with 4 school aged children and have been a practising physician for the past 24 years; a Pas; Pres. of Hotel Dieu Hospital; a member of the Board of Regents Assumption University; and also a former member of Riverside Public School Board.

I was born on a farm and love gardening and farming. During my life I have worked as a laborer on railroads and in saw mills and in general stores amongst along with other jobs.

As a family man with an un-

DR. ANTHONY WACHNA

derstanding of other people's problems; and being willing to represent you sincerely — I ask you to nominate me as Federal Liberal Candidate for Essex West to represent your interests in our parliament.

THE CHILDREN'S CORNER

Print the answer to the following questions in the arm of the snowflake. Be careful! Answers 1, 2, 3, and 8 end in the centre. The others begin there.

1. How does snow get down to the ground?
2. What does it do to the ground in winter?
3. What carries the snow from place to place?
4. What do we use for cleaning our walks?
5. What weather do we have when snow falls?
6. What is frozen rain called?
7. What do children do on wet snow?
8. How does snow disappear?

Answers: 1. Falls; 2. Covers; 3. Winds; 4. Shovel; 5. Storm; 6. Sleet; 7. Slide; 8. Melts.

Sport Corner

Youngsters Star at Basketball

The Holy Name Basketball League after 3 weeks of scheduled play have shown again of having a very successful season. The coaches — after teaching the fundamentals of basketball — are happy to see the improvement of play of the young lads with some of the boys showing signs of becoming good or excellent basketball players.

After closely contested games St. Matthews of Junior Division are leading with 3 wins and no defeats with St. Luke's and St. Marks closely behind with one win and one loss.

The Senior div. is led by St. Paul's with 3 wins and no loss — protecting first place from St. Raymonds and St. Raymonds who have won 1 and lost 1.

The leading players of the Senior Div. are Robert Poulin of St. Paul who scored 28 points in one game and is the outstanding player to date. Richard Coulter; Bruce Pearson; Mickey Reaume; L. Timothy; Jan Schroeder and Ricky Martin have also starred in the first two games.

In the junior div. the best player is Kevin White who has played fine both defensive — and also offensively. The other players who have played above average are: Bobby Hannan; Roger Sorrel; John Aufret and Ronnie Lee.

The games played on Sunday January 28 were well attended, with parents turning up in good numbers to see the progress made by their boys. Between the

Junior and senior gamts Reverend Fr. Forton gave his blessing to the League and gave a few enlightening instructions for a good clean living athlete should. He also congratulated the Coaches and Referees for the fine work they are doing with our boys! Again next Sunday Feb. 4th parents will be given a chance to see their boys in action again with the Junior Team playing at 1:30 and the Seniors at 3 p.m.
